## WORD EXERCISES

**Creating Tables** 

Above	Across	Almost	Date
Else	Always	Animals	Any
Around	Asked	Baby	Balloon
Before	Began	Being	Below××

- To create a table, click insert table and then click on table icon, highlight 4 squares over and down, gives 16 rows in table.
- Click into table and it shows up table tools, highlight the box's and decide where you want the type to start i.e. left, middle or right hand side
- Ctrl A = select all, Ctrl X = Cut, Ctrl V = Paste, however over the icon and it will tell you the shortcuts to use
- To add extra row click tab at the end of your row see 2 xx.
- To add an extra row between rows of text click the outside of the box

## Images

- To find image on google, do a search for a CAT. Type cat in, then click on images, then tools, then labelled for reuse (as this protects you from using something that is not labelled for use.)
- To crop the image use click on crop image, then crop some of the image, and click outside the picture to see what you have done.

Dots around pictures are called grab handles, get the one on the bottom left or right to do it proportionally, then move the picture.

Click on the cat, the picture tools will come up and then click on wrap text and it will wrap it beside the picture, see above

- To ensure picture does not move around the page, right click on image, click wrap text and click "tight".
- To put a border around your picture, click on picture tools and then click on fourth picture.
- File, save as, click on documents, new folder, and save your word document in that folder. Look at crumb trail:

## Very useful website for creating AV Aids

Click on this file path in google to get to Adrian's list of websites, click on SEN teacher to view relevant information

Stpatsbns.eu/Sligo, very useful website

Stpatsbns.eu/SEN - this is where the presentation is, website available since 1999

Tip: Sticky key - knows that it's a child perhaps with a shake in hand

## Websites to help with 3<sup>rd</sup> assignment

https://connectability.ca/visuals-engine/

Select a template to use, different styles, the best visual support is a personalised one, the child loves looking at their routine.

Click on the + and it takes you to a new tab, type in name of the clipart you would like to find, e.g. breakfast clipart to find other images, select images and put in Folder titled SEN, and name the clip are accordingly e.g. Find others then

• Look at Blockly games on SEN site – benefits of this site for children with special needs, e.g if they require a brain break (child with behaviour difficulties) they could play these games, and if they are good at it, they will feel good (build on their self- esteem) in the classroom situation.

- Mary Immaculate list of websites....numerous educational websites
- Google Chrome extensions (increase the usability of google chrome) to help children with Dyslexia, cannot understand difficult text, search for a meaning, and select and speak

Apps are add on's, work with Google Chrome

Look at Oxford Owl , join as parent or teacher... good for ebooks, kids can listen to books, can have books at various levels..
